

Junior Full Stack Developer Intern

TechNova Solutions

About the Role

TechNova Solutions is looking for a motivated Junior Full Stack Developer Intern to join our product engineering team. You will work closely with senior engineers to build and maintain features across our web application, gaining hands-on experience with a modern JavaScript stack.

Responsibilities

Develop and maintain REST APIs using Node.js and Express

Build responsive user interfaces using React

Work with MongoDB for data storage and retrieval

Collaborate with the team using Git for version control

Write clean, well-documented, and testable code

Participate in code reviews and daily stand-ups

Debug and fix issues reported by QA and users

Required Skills

JavaScript

React

Node.js

Express.js

MongoDB
