Objective

Aspiring full-stack developer looking for an internship to apply my skills in building web applications with modern JavaScript frameworks.

Academic Background

B.E. Information Technology, Manipal Institute of Technology, expected 2027

Skills

React.js, JavaScript, Node.js, Express, MongoDB, Git, GitHub, HTML, CSS, Bootstrap, basic AWS, basic Docker

Academic Projects

Task Management App - A MERN-stack task tracker with React frontend, Express REST API backend, and MongoDB database. Supports CRUD operations, user login, and drag-and-drop task boards.

Portfolio Website - Personal portfolio built with React and hosted using AWS S3, styled with Bootstrap and custom CSS.

Hackathons

Won 2nd place at a 24-hour hackathon building a MERN-based volunteer coordination platform, using Express.js and MongoDB with a React dashboard for admins.

Extracurricular Activities

Core member of the college coding club; conducted a workshop on Git and GitHub for juniors.
